

San Nicolas statement:

*“We have engaged Interior on this issue and aligned with all COFA jurisdictions that neither Guam nor any other area should have their funding reduced as a result of a Census error.*

*Furthermore, we are aligned in the idea that since this error originates in the Census then that is where the shortfall should be funded from.*

*Our offices are engaging the necessary Committees and agencies to make this message clear, so at this time I do not anticipate any reduced COFA funding levels for Guam and will keep the people apprised.”*
