FOR IMMEDIATE RELEASE

Providing Access To Homes (PATH) Program MiFi Device Discontinuation of Services Effective July 1, 2022

The Guam Department of Education would like to announce that effective Friday, July 1, 2022, internet services to those students/families who were issued PATH MiFi devices will be discontinued as the Department works to implement services with another service provider.

Services will be discontinued for approximately one (1) week. Once distribution plans have been agreed upon, families will be informed on dates and locations for distribution.

For more information on the PATH Program, parents are encouraged to contact their child's respective school. Families may also contact Michelle Camacho at (671) 300-1347 or send an email to mmcamacho@gdoe.net.

This program is made possible through funding administered by the U.S. Department of Education – American Rescue Plan to Outlying Areas, administered locally through the Guam Department of Education Federal Programs Division.
